 - [Schoolstore.com](https://www.schoolstore.com)- similar to box tops- Are we okay with doing this?

- We wanted to make auction packages where we put smaller donations together as a bundle- places to go stay the night, eat out, and shopping sprees, etc.
 - We may need to put a starting value for items if bundled
 - 3 baskets- house “red” “blue” “green”
- Field Trips
 - 1st/2nd- Zoo- April 30
- Other:
 - Christmas Gift Sales
 - We did this last minute for our students- We had 2 donations anonymously that ensured EVERY student got to pick a gift to take home.
 - Need at least 4 workers if we do it again and a 2 day window
 - We did not use this as a fundraiser, but we brought in over \$1000 with only a 2 day’s notice. I liked that all of the money brought to spend was used toward the gift- no money was taken for a profit but in the future it could be used as a fundraiser if the leader(s) choose to do so.
