

Below is a layout and listing of the bus transportation routes for the 2018-2019 school year. Our Transportation Team works diligently to be accommodating for all families. As a result, bus routes must be flexible and we appreciate your patience as we firm up the final route details. Please use this as a reference and understand specific route stops may change slightly over the next few days as students settle in but overall route parameters should not change. Thank you!

Buses line up on south side (back parking lot) of building.
