

School Nurse News

Please help your child strive for perfect attendance.

Your child needs to be in class and on time every day to take advantage of the best possible learning experience.

We will gladly work with you and your child on any issue that is preventing him/her from attending school.

REMEMBER:
Handwashing is our greatest defense against spreading germs!

Reasons to keep your child home from school:

- ~ Temperature over 100 degrees*
- ~ Active vomiting or diarrhea*
- ~ Untreated head lice or communicable disease.*
