School Attendance is Important
Please help your child strive for perfect attendance.

We encourage all students to be in class and on time every day in order to take advantage of the best possible learning experience.

We will gladly work with you and your child on any issue that is preventing him/her from attending school.

**********************
Remember:
Hand washing is our greatest defense against spreading germs!
**********************

Reasons to keep students home:
1. Temperature over 100 degrees
2. Active vomiting or diarrhea
3. Untreated head lice or communicable disease.

Can we reach you in an emergency?
It is vital that you have a contact number and email on file with the school in the event we need to reach you regarding your child’s health. Please be sure to check your Skyward account to ensure we have up to date contact information.

Sending Medicine to School:
1. Please send the medicine in the original container.
2. Complete a Medication Authorization form (available at your school).
3. Please pick up any unused medications at the end of the school year.

Chronic Health Conditions:
For chronic health conditions such as asthma, diabetes, seizure disorders, or allergies, please have a care plan completed by your child’s physician yearly. The care plans are available at your school.
