## Saturday was a BIG DAY!

The MJHS Academic Super Bowl placed **FIRST** at the competition held on Saturday. MJHS had a team for each of the 4 rounds of English Language Arts, Science, Social Studies, Math, and Interdisciplinary in a trivia-style competition where the theme was the great decades of the 80s and 90s. Each student participated in at least one and/or up to three of the teams.

Students were placed on three-member teams based on the area of their academic strength. In January, teams began to meet weekly to learn and study together. ELA studied Harry Potter and several poems. Social Studies focused on presidents. Math studied algebra II level problems. Science investigated space explorations, natural disasters, and medical advancements. All topics were directly related to the 80s and 90s. Our students displayed the traits that MJHS values highly and represented our school with pride. They not only exhibited academic excellence but also collaborative teamwork, perseverance, and dedication. Their hard work paid off with a **FIRST PLACE FINISH!** Congratulations!
