Trends...

In September, we shared our data dashboard of things we have identified as essential elements of a proactive, safe, and engaging learning environment for all students. Each month we will monitor and compare our data to assess how we are doing as a collective whole - students, staff, and families.

As a reminder, our **attendance goal is 95%** - we improved slightly from last month but there is still lots of room for improvement, Bears!

We continue to be committed to addressing discipline referrals and

appreciate the support of our families when situations arise.

We have seen significant improvement in students with an F in a class. Last month we had 119 school wide, this month we have 95 - that is a trend we want to see continue! Each grade level saw a decrease in the number of F's with a 3% decrease overall.

MJHS FALL SPORTS HAVE CONCLUDED. IF YOU ARE A WINTER SPORTS ATHLETE, BE SURE YOUR FINALFORMS ARE UP TO DATE BEFORE YOUR FIRST PRACTICE!

What's In This Week's Issue:

Sources of Strength

Last week, approximately 80 students from grades 5-8 were nominated to participate in *Sources of Strength* training. Sources is an evidence-based, strength-focused, upstream approach to mental health promotion and prevention program. Students from all corners of our school were intentionally brought together and joined staff from MJHS and MCHS to discuss things, offer support, learn new skills, and brainstorm ways they can use their voices to make our schools safer, more welcoming, and more engaging for all students and staff.

We will continue to work within our building to create a culture of hope, help, and strength as we will continue to explore paths for students to support one another in healthy ways at the peer level. We have a number of great initiatives coming together #bydesign and we believe we will see a positive impact in our attendance, discipline, and academic data points as things continue to take root. Stay tuned!
