

WEEK OF NOVEMBER 20, 2023

## Career Fair was a HIT!

Students at MJHS were treated to a full day of career exploration as each grade level spent thirty minutes touring through various vendors in the morning and spent the afternoon in break-out sessions chosen by students. “We have worked closely with our teachers and counselors to help determine areas of interest and align those with our career partners,” shared event coordinator Danielle Hawkins, district Literacy Coach. “Our goal is to get a wide variety of interests in front of our students to help them begin to think about what they might be when they grow up!”

# THANK YOU!

The afternoon break-out sessions gave visitors the opportunity to share their knowledge, and experiences, and answer questions about their careers with small groups of students. “All of our teachers have taken time to speak with students about what to expect, how they might interact, and help them think through questions they might consider as they participate in the event,” Hawkins continued. “We are very excited to offer students the opportunity and hope it sparks their interest and they learn something new about themselves and some of our area's professionals.”
