“ I love to make the students feel important, noticed, cared about, and safe. I perceive that sometimes it takes only one trusted person in the school atmosphere to make a positive and memorable impact on a student for life. I hope a student remembers me that way someday. It fulfills me to know I have made a positive impact. The clinic is a place of safety and trust. I feel important, I never know if what comes through the door will be a band-aid, an anaphylactic reaction, a myocardial infarction, or another serious issue. School Nurses are important. We are prepared to provide what our students need.”I love working with an emergency prepared , knowledgeable and collaborative team

Renee Kitchens Ogden:
RN, Director of Nursing

Rebecca Croxton:
LPN, Anderson

“I love this job for so many reasons, but hopefully, I make a difference for the better in the lives of the children.”

“I like being on the MCS nursing team, knowing that I have a great team and we all have the same goal. We impact the lives of our students. I really like helping the students. I like making a difference.”

Jentry Sever:
HRA, Anderson

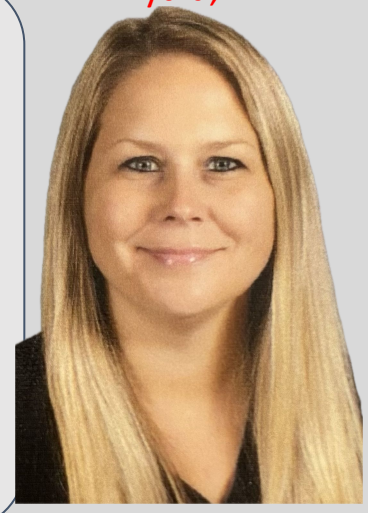

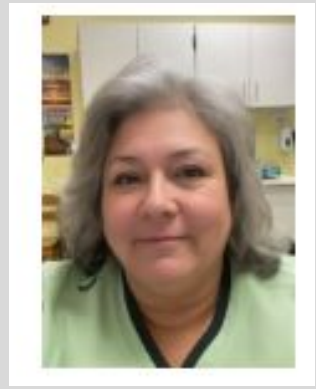

Julie Gallagher:
RN, Deputy

“I feel like I make a difference in the lives of my students. Sometimes a kid just needs someone to see them and hear them. I have certain students who just come to me to check in. I love our community and watching our students grow up and become productive members of this community. I am now getting students who are children of my former students, and that is really special to me.”

“Everyday is a new adventure! School nursing is a lot fun! I have really enjoyed meeting all of the students and getting to know all of the personalities. I love the nursing team and all of the staff. Everyone has been so nice!

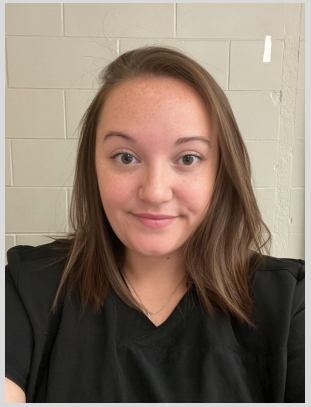

Gennifer Owen:
Lydia, RN

Tina Shimfessel:
LPN, Lydia

“School nursing is not only rewarding, but multidimensional. We get to be involved with everything from safety, physical health, mental health, and beyond.”

Kyrstien Durham:
RN, High School

"I enjoy the fact that I get to build relationships with the students each day and encourage them to focus on healthy lifestyles while addressing their needs (and wants), all while being a positive influence for each and every one of them."

Hope Bird:
RN, Junior High

"Being part of the school nursing team is fulfilling as it enables me to develop meaningful relationships with students, provide support and comfort, and collaborate effectively to positively influence their overall well-being and success."

Tammy Eigel:
RN, Rykers

"I love being a regular sub nurse for the school and watching the growth of the students. I also enjoy working with a refreshing team of nurses that collaborate effectively and work well together."

"I get to build relationships with so many bright young students and be there for them when they need help."

Megan Robbins:
HRA, High School

"I have always wanted to make a positive impact on children's lives. Being in the school setting, I can offer support, guidance, and care for the students."

Cassie Tingle:
HRA, Junior High

"I love kids, and they are very funny in what they say. I think it is helpful to be in the school and be able to treat minor issues before they have the chance to be major ones."

Regina Johaan:
RN, Float Nurse
