Attendance is entered by each teacher. It will look a bit different for elementary students vs. secondary students.

MJHS and MCHS attendance is taken each class period and may be documented at different times (beginning/end of class) with the intent to be a consistent time so it is as accurate as possible.

All schools have an automated Attendance Call that generates daily from ParentSquare each evening from the data in Skyward to alert families when an absence has been documented at school. Our clerks do their best to make sure any adjustments are made prior to the time that report is generated and the call is made.

Should you have a questions on your student's attendance, please contact your school's main office/attendance clerk.
