APPROVAL OF CONTRACT WITH FOREFRONT EDUCATION

Upon the recommendation of Dr. Brown and a motion by Mr. Scott, seconded by Mr. Wallace, the Board voted, 5-0, and the motion carried to approve the Contract with Forefront Education.

MCHS is using Forefront Education to provide the IDOE-required K-2 universal math screener. The use of Forefront Education Universal Screeners for Number Sense (USNS) is one of the two universal mathematics screeners approved for the 2026-2027 school year. MCS will use grant funds to cover the cost of this required screener.

Building foundational mathematics skills early supports student success in future academic and career pathways. To strengthen this foundation, Indiana Code (IC) 20-32-6.5-3 requires schools to provide targeted interventions for any student identified by universal mathematics screener data as being at risk of not meeting grade-level proficiency. Beginning with the 2026–2027 school year, all Indiana public, charter, and non-public schools must adopt and implement one of the two State Board of Education (SBOE)-approved universal mathematics screeners for kindergarten through grade two (as defined in IC 20-32-6.5-2). Schools may utilize Formative (Interim) Assessment Grant funds to cover the assessment, training, and professional development associated with their chosen screener vendor. Additional information will continue to be added to this FAQ as it becomes available.
